Local Medical Group Plan $300,000 Expansion

Plans, mapping the expansion and alteration of the Lemon Grove Medical Group Building, were completed recently according to Merill Weber, group business manager. Approximately 16,000 square feet will be added to the current 4,000 square foot site located at 3240 Main Street, Lemon Grove.

Designed by the Los Angeles architectural firm of Rochlin & Baran, AIA, medical facility specialists, the structure, to be built at the approximate cost of $300,000, is being planned as a medical center equipped with every facility available for patient treatment and comfort. The custom-designed medical suites will be complemented with a prescription pharmacy, X-ray, and clinical laboratories. Complete laboratory, X-ray, and physiotherapy rooms are also included. To facilitate rapid contact between doctors or doctors and their assistants, a vacuum tube communication system is being planned.

Featured amenities in the the brick and stucco building are a large centralized waiting rom with a fireplace and comfortable seating, air-conditioning, sound-proofing and ample off-the-street parking. Luxuriantly planted in-door patios are also being planned to provide appealing vistas and the maximum of natural lighting.

Construction is scheduled to begin early next year.

Doctors associated with the Medical Group are Simon Brumbaugh Jr., Thomas R. Early, Frank Hattoc, W. R. Herbert, and Robert Oursland.

S.V. Man Hurt By Home-Made Bomb

William L. Crowley, 24, 8856 La Mar st., Spring Valley, was taken to Grossmont Hospital Friday suffering from lacerations of his left leg, caused by the explosion of a home made bomb. Lt. Leland Earnest of the El Cajon office of the Sheriff's department said Crowley had made the bomb by taking powder from a rifle shell and placing it in a ¾ inch pipe. The pipe was sealed at both ends with Scotch tape. Crowley used match heads for the ignition. Somehow the bomb exploded before the scheduled time.

Pastor Named At Santa Sophia

Santa Sophia Catholic Church in Spring Valley has a new assistant pastor, Father Harold Gene Dougherty, a native of Wichita, Kansas.

Father Dougherty began his studies at St. Joseph's Grammer School in Wichita. He went on to graduate from St. Mary's Cathedral High School in the same city.

From 1947 to 1952 he served his country in the United States Navy. Then he took his seminary work from 1953 to 1960 at the St. Francis Minor Seminary and the Emaculate Heart Major Seminary at the University of San Diego, where he was ordained.

Father Dougherty's father and mother still live in Wichita.

S.V. Lutheran Church Must Give Roads Says Planning Commission

SAN DIEGO (CNS) — A special use permit for a new Spring Valley church was approved Friday by the County Planning Commission, and the church was approved Friday by the County Planning Commission, and the church was given three years to improve to county standards two streets that will run through its property.

Construction of a Lutheran Church, Missouri Synod, is proposed on a five-acre parcel on the east side of Sweetwater Springs boulevard, opposite Harmony lane.

The church's application for a special use permit was before the commission a month earlier, but action was put off to last Friday to allow an agreement to be reached on the roads supposed to go through the land.

Robert Des Lauriers, architect for the church, pointed out to commissioners that the land was being reduced by two-fifths by street requirements. "Out of five acres, we are now allowed to use only three," he said. He added that the church group did not mind setting aside the right of way so much as it did the requirement that it immediately improve an extension of one of the streets, Loma Rancho drive. He said it was willing to improve the extension of Harmony lane at once.

Rev. Carl Nelson, speaking for the church headquarters, located in Los Angeles, said the total price on the land was about $40,000, but it was paying that for a usable area, on this street donation basis, was worth only $26,000. He also pointed out that the people using the church property as an access way have been trespassing.

Road Commissioner David K. Speer, in an effort to get around the church protest against improving Loma Rancho drive at its expense for other people to use, proposed financing road work through an improvement district. He said others who benefited would then have to share the cost.

"We're willing to donate the land and willing to share the cost of improving the street, although we got no benefit from it," the clergyman said.

Commissioner Gilbert Ray then made a motion that the request for the permit be approved, on the conditions recommended by the committee that studied the area. These called for the land donations and the improving of the two streets.

But it developed that this meant the streets would have to be improved before building of the church could start. After wrestling with a wording of a motion to give the church some leeway, Robert Berrey, deputy county counsel, asked the commission to proceed with its other business and give him time to draw up a new motion.

The motion finally approved, which met with the approval of the church's representatives, calls for the church to provide a surety bond to the county to guarantee that the road improvements will be carried out within three years.

S.V. C. of C. Asks Stop To Sewer Annexations

The Spring Valley Chamber of Commerce board of directors at a special meeting Monday night voted unanimously to protest to the County Board of Supervisors the annexation of certain La Mesa properties to the Spring Valley Sanitation District, along with other properties.

The motion for this move was made by S.V. board members, Charles Serr and the motion read as follows:

"I move that the Spring Valley Chamber of Commerce take immediate action and request that the honorable Board of Supervisors, as the directors of the Spring Valley Sanitation District, not allow any new areas to annex to the Spring Valley Sanitation District and that no existing subdivision, or other new subdivision be allowed to develop until the new trunk line down Sweetwater Valley, or until adequate and nuisance free waste disposal is provided."

The special meeting was called in behalf of the newly formed S.V. Sewer committee, chairmanned by Charles Lambert of South Spring Valley. Lambert and three of his committee (two others are on the S.V. Chamber of Commerce board of directors) were at the board meeting, as was Dennis O'Leary of the State Water Pollution Control Board.

The general feeling of the Chamber board and the sewer committee is that another treatment plant is not the answer to the present problem.

O'Leary said that it is his opinion that the present treatment plant is a fine piece of construction, but that it is being overloaded, and that if the S.V. Sanitation District continues to allow this overloading the Water Pollution Board will have to take legal action against the District.

O'Leary said that a trunk line running down Sweetwater Valley to the bay will relieve the Spring Valley situation and that the line could be constructed in about 18 months. The trunk line could be used until (and if) the proposed Metropolitan Sewer District is formed, and in operation. He said the State is against any new sewer connections in this area as are the County Public Works Department and the County Health Department. He urged the Spring Valley Chamber of Commerce to also be against further hookups until the problem is cleared.

Charles Lambert said he met recently with local subdividers and felt "like a sheep being led to slaughter." He said he was asked "what axe do you have to grind?" and he replied (telling of the existing treatment plant odor in South Spring) that "I have a $15,000 mortgage. . . .that's my axe to grind."

The Spring Valley Sewer Committee is scheduled to meet Thursday evening in Mt. Miguel High School, when Supervisor Bird, along with Jean Vincenz and Warren Barney of the County Public Works Department will be present.

The hearing regarding the annexation of La Mesa property into the Spring Valley Sanitation District (the legal was published November 3 in the Spring Valley BULLETIN) will be held Monday at 10:45 in the County Board of Supervisors chambers, Room 310, Civic Center. At that time the S.V. Chamber of Commerce letter of protest will be read.

Trash Truck Loss Hurts Ailing Owner

The person or persons who in the latter part of October took the little (child's) truck from the home of Mrs. Ora Smith, 3916 Bancroft dr. would be doing a service by returning the truck to its rightful owner. Mrs. Smith is unable to do any heavy work and has a difficult time in walking. She uses the truck to haul her trash to the front of her property for pick-up. No questions will be asked of the returner.

Three Groups Split $250 In Chamber Sales Project

The Lemon Grove chamber of commerce reported Monday that $250 had been cleared in a Crazy Days Sale jointly sponsored by the Junior chamber and the Lemon Grove Woman's Club juniors. It will be split three ways.

The chamber's share will be used to defray current expenses Chamber President Larry Folda said. Bill Sutherland, operator of Dena's was in charge of the event.

The board elected Milt Austin, associated with Art Leitch Realtors, to the board to fill a vacancy created by the resignation of Marshall Adams. Adams returned to teaching.

Skip Degenhart, manager of Don Diego Markets, said the Merchants Division of the chamber would be perpetually on a pay-as-you-go basis. He said that a fund is being created to promote the business district. It will operate outside the chamber regular budget, he explained.

The committee handling the directional sign being given the community by George Scott announced that the county planning department had turned down the construction request. Jim Boyd is committee chairman.

Miss Helen Moulton, first full-time full-pay chamber manager gave a full report of her year in the employ of the chamber. She cited ten projects initiated under her management. These included such money-producing items as the Las Vegas promotion ($1,400) change in basic dues ($1,150). The merchants no - employe - parking agreement; the lighting district work; the teachers-businessmen's luncheon; a tree-planting program, and the Scott donated directional billboard are some of the other projects she listed as completed or nearly so.

She listed up-coming projects as: 1. Beautification of the business district; 2. A stronger retail trade organization; 3. Extension of the presently contemplated street lighting district, and 4. Incorporation of Lemon Grove.

President Folda said that a committee was meeting presently for contracting for 1961 personnel. The report should be available later in the month, he said.

Setback Variance Granted in L.G. On Main Street

SAN DIEGO (CNS)—A zoning variance to allow construction of a building 40 feet, instead of the required 75 feet, from the center line of Main street, Lemon Grove, was approved Friday by the County Planning Commission.

The applicant was Art S. Leitch, for land between Main street and the San Diego and Arizona Eastern railroad right of way, south of Massachusetts avenue. His request was protested by J. D. Slaton, Eliza Mendoza, Thomas G. Minton, and Mrs. C. L. Lehman, owners of adjacent property, who said the step would spoil the nature of the area.

Leitch assured the commission his request was based on his hopes not to affect unfavorably the other property holdings, and his variance application was approved.

Junior College Attendance Up 15 Per Cent In Calif.

SACRAMENTO — California junior colleges showed a 15 per cent increase in fulltime students in preliminary figures released here today.

With 58 of 63 colleges reporting, enrollments pushed to a record high of 103.331 compared to last year's 89,596, according to Roy E. Simpson, State Superintendent of Public Instruction.

Parttime students increased 8 per cent from 168,225 in 1959 to 182,833 this fall. Total fulltime and parttime enrollments are 286,164, up 10 per cent over last year's 257,821. The increases erase last year's 5.3 per cent drop below 1958.

Simpson noted that first year enrollments show the impact of the Second World War's "baby boom." Freshmen increased 18 per cent over 1959, going from 59,845 to 71,009 as the first wave of war babies reached college age.

Even second year students, down 5.4 per cent last year over 1958, rose 9 per cent this fall. They number 30,680 compared to last year's 27,983, Simpson stated.

Simpson pointed out that these enrollment figures do not include students in adult education classes run by the colleges. He predicted inclusion of adult students will push total junior college enrollments past 400,000.

Junior colleges range in size from Lassen Junior College in Susanville with 266 total students to Long Beach City College with 23,094. Long Beach also leads with the most parttime students—19,276—but Los Angeles City College is tops in fulltime students with 9,106.

California's first junior college opened in Fresno just 50 years ago, Simpson noted. In the half century since, the colleges have come to number 63, with another 35 predicted for establishment in the next 15 years, to assure California of the nation's largest junior college system.

Congressman Utt, Hospital Board Members Reelected

A junior college district is to be formed; Sheridan Hegland, the incumbant assemblyman was re-elected; U.S. Congressman James Utt was returned to office, and a new director was named to the board of the Grossmont hospital district as the apparent result of Tuesday's election.

The totals are unofficial and incomplete but the results are believed to be beyond reasonable doubt.

The formation of a junior college district was approved by 32,338 to 11,638 with 75 per cent of the precincts tabulated at press time. Lewis Smith, superintendent of the Grossmont Union high school district under whose sponsorship the issue was put to vote, said Wednesday that he was pleased that voters recognized the need for added facilities for youth, and for adults who needed higher education."

He said he would recommend to the high school board that citizens and consultants be involved in the development of the college facilities in line with the community's needs.

The district includes Lemon Grove, Spring Valley, La Mesa, El Cajon, Santee, Carlton Hills, Lakeside and Alpine.

In the Grossmont Hospital District as 251 of the 326 precincts were tabulated, it appeared that three incumbents of the board of directors would be returned to office.

At press time the voting was: Jack C. Atkinson - 29,047 Forace L. Boyd - 26,810; and Marvin Jackson - 27,780.

Two first-time aspirants trailed slightly. They are: Dr. Melvin Crain, a professor of political science at San Diego State, 25,194, and Hebert Abell, a manager for Food Basket Market, 20,225.

In the race for assembly in the 77th district with 507 of the district's 572 precincts reporting, Sheridan Hegland, the Democrat incumbent was apparently the winner with 56,430 over Jack Manion, a Rancho Santa Fe businessman who put up a surprisingly good contest, but racked up only 43,498 votes.

Said Hegland, "I am grateful to my supporters in both parties and I am especially grateful to the 11 newspapers in my district without whose indorsement I could not have won."

In San Diego county in the 28th Congressional District, James Utt, the Republican incumbent had 59,619 votes in 434 of 572 precincts. Max Woods had 41,488. Part of Orange county is in Utt's district and was yet to be tabulated here. Observers, however, have conceded victory to Utt.

Jack Schrade, assemblyman in the 80th district, the district that touches the east side of Spring Valley, was apparently the winner over Jim Bear. 380 precincts of the 401 in the district showed the incumbent, Schrade with 31,509 votes and Bear with 26,978.

This publication is embarking on two campaigns this week to add two thousand new paid subscribers to the list of readers.

A telephone crew is calling every resident who does not now subscribe to the paper. Part of the income from the new subscriber goes to pay the solicitor as is normal. But part of the money will be turned over to the local fire department's Relief Association. This money will be used by the firemen for furnishings and living quarters equipment as needed. The rest will go into the general relief fund for whatever purpose the association may feel called upon to supply.

Obviously, the amount of money will depend entirely on the number of new subscribers that are obtained.

The other campaign is the Lemon Grove-Spring Valley Merchants Pot-O-Gold campaign. The merchants of these two communities have banded to give merchandise, services and discounts amounting to $150.00 to new subscribers. This campaign is being handled by people from this community on a house-to-house basis.

Some folks will prefer to subscribe for the Fire Relief Association's benefit. Others will want to take advantage of the Pot-O-Gold proposition.

Present subscribers may take advantage of either proposal by paying two years in advance.

From time to time a list of new subscribers will be published. A report on contributions to the Fire Relief Association through the new subscriber arrangement will be published at the end of the campaign.

Paid subscribers, as practically everyone knows, is the life line of a newspaper.

Conversely, throwaway publications rile the homeowner because they can't be stopped from cluttering up porches and lawns. We know because this office receives many complaints from residents who erroneously think we are doing it.

This publication "samples" each area about once a year. With these samples is an invitation to read us regularly on a paid-for basis.

We sincerely hope that you, a regular and paid subscriber, will advise your neighbor to subscribe to us too, so that he may have a better knowledge of his community, his government, and be kept informed about his schools, churches, clubs and groups.

We have a new president and a whole raft of new lawmakers in Congress.

Yet, we started this day with many of the old problems. . .and with many of the world's advantages.

While it is only two days from the election of the new regime it is none the less a fitting time to take a small inventory of where we are and where we may go.

As two days has not made an appreciable difference in your economic life as a result of politics, neither will twenty days, nor twenty weeks.

The wage earner will still have to scratch to make both ends meet. His income may vary slightly, but so will the cost-of-living index.

The business man will have no fewer problems, and we think that he couldn't carry many more, but hasn't this been true for the past decade?

The world situation isn't going to be solved by a simple turnover of politicians. We'll face one world crisis after another and no political party in these United States can prevent that.

There may be less racial discrimination, more socialogical regulation, more inflation, higher interest rates, more bur-

Valley Woman Winner on TV Program

Sometimes good luck (like bad luck) comes in pairs. That's what Mrs. Edith Taylor of 281 Faxon st., Spring Valley, found out October 14.

Making a tour of Hollywood she was fortunate enough to be selected to appear on two tee vee shows; "Queen for a Day" and "It Could be You." She won out on both shows.

Mrs. Taylor's husband, James R. Taylor who was with the U.S. Navy was lost at sea last year en route to Okinawa. Mrs. Taylor has a 16 month old baby girl and has to work for a living. So she asked Jack Bailey (Queen for a Day em cee), for a car that she might continue to go to night school to get her high school diploma. Her request was granted. . . . she received $500 toward a car and is now continuing her education that she might get into the business field.

On the "It Could be You" show she won a fence for her home and playthings for her young daughter; swing, teeter-totter, etc. The fence order was given to the Georgia-Pacific Lumber Co. of Pasadena, and the order then turned over to the Spring Valley Lumber Co., which made the installation.

Scout News

The inspection and Charter acceptance meeting of Boy Scout Troop 329 was held November 3 in the Bancroft Elementary School, with Scoutmaster Edward Orr in charge. Herbert Preston, assistant district commissioner inspected the Troop, the troop averaging 96.3 points.

The Bancroft Elementary School PTA will sponsor the troop for the coming year. J. L. Tomlinson was elected Scout committee chairman for the coming year. It was pointed out that 18 boys are now in the troop.

Future troop meetings will be held once or twice a month on Mondays, unless outings are planned for such nights. Future committee meetings will be on the third Thursday evening of each month at 7:30 p.m. with the following schedule:

November 15 at the home of C. T. Smallenberger, 8760 Tyler st., Spring Valley; December 20 at the home of J. L. Tomlinson, 8757 Kelso, S.V.; January 17 at the home of Hanry Austin, 8850 La Mar, S.V.; February 21 at the home of Hiram Hardin, 9095 Harness st., S.V.; March 21 at the home of L. B. Orr, 4685 Troy ln., La Mesa; April 18 at the home of O. R. Knight, 1716 Canyon rd., S.V.; May 16 at the home of Scoutmaster Ed Orr, 4685 Troy ln., La Mesa; and June 30 at the home of P. E. Gormley, 3232 Central, S.V.

Committee chairman Tomlinson reported on his investigations of all camp sites within a 50-mile radius and said that for the November 11 campout Big Springs, out Highway 94, will be the spot. He said there are two lakes on the premises, which are good for swimming or washing. Drinking water must be carried along. Chairman Tomlinson said that the troop should consider having every other campout a family affair.

Jim Long, president of the Barnes-Chase Advertising Co., and vice president of the San Diego Council, Boy Scouts of America, has been named chairman of the annual Eagle Scout banquet scheduled for December 13, according to word from the Council this week.

In announcing the appointment of Chairman Long, Council President J. Harvey Chambers said that December 13 would be "Eagle Scout Day" in the San Diego Council, and that the highlight of the events being planned will be the banquet.

Anyone in the county who has attained the rank of Eagle, in this or any other Council, is invited to attend the banquet, Chairman Long pointed out. He said the place and the theme will be announced later.

Scouts who have (or will) become Eagles between January 1, 1959 and December 1, 1960, will be honored guests of business and professional men from throughout the county, at the banquet. Each of these Eagles attending will be paired with an adult who is active in the career field in which the boy is interested. Invitations have already been sent out, chairman Long said.

Invitations will be sent to all other Eagle Scouts living in the county as soon as their correct addresses are known. Anyone who has knowledge of an Eagle Scout is asked to get in touch with Scout headquarters, that the boy may be invited to the banquet. It makes no difference where the boy received his rank, he will still be an invited guest.

Deepest sympathy goes out to Mrs. Hannah Maden, mother of Harvey Maden, former Scout executive of the San Diego Council of the Boy Scouts of America. Harvey passed away October 17 in San Louis Obispo, as he was being prepared for surgery due to a heart condition. His mother is his sole survivor, his father having passed away this spring. Burial was in San Louis Obispo.

A native of Massachusetts, Maden, who was 56 years old, had been in the Scouting program for 40 years. He served in the U.S. Army in World War II. Before coming to San Diego his Scouting activities were confined to Norwalk, Conn. He was best known in the Spring Valley-Lemon Grove area being the district Scout executive for the Grossmont district from 1953 to 1959. At the time of his death he was Scout executive of the Santa Lucia Council of San Louis Obispo county.

Increase in Part-Time Job Applicants Seen

With Christmas less than two months away, student applications for part time employment are on the increase at San Diego Junior College, according to Arthur M. Jensen, placement counselor.

Many students are available for part time work, he said, and since they are over eighteen years of age are able to work unlimited hours in such Christmas work as sales, stock, wrapping, and delivery.

Applications from business students have been particularly heavy, Jensen continued.

Last year the Junior College placement office furnished over 100 students for part time seasonal jobs. Many of the present students, therefore, have experience in these areas, he added.

Employers who anticipate the need for extra help at Christmas time should call the placement office at Junior College, BE 4-8451 to place their request for student help.

Throwin' the Bull

By Bob Turnbull

I'd like to recommend a motion picture for the young set. It's Allied Artists' "The Plunderers" that stars Jeff Chandler, John Saxon, Dolores Hart, and Marsha Hunt.

The story is by Bob Barbash and is actually very simple. But, it builds logically from an almost accidental beginning of conflict to a solid payoff.

Jeff Chandler is fine in the role of the reluctant hero. His underplaying gives a nice touch to the goings-on. In fact we should applaud him as the producer-star to knowingly step aside and give major footage to the youngsters in the film. His action is commendable—and intelligent. The young players come through in fine style and shaped up a surprisingly entertaining and absorbing picture.

John Saxon as Rondo, the Mexican, does his best job to date. No longer cast as the "pretty" type, here he's given a chance to act. And act he does. He gives depth and understanding to his part.

Dolores Hart gives sympathy and understanding to a very difficult role.

Ray Stricklyn is the sleeper in "Plunderers." As Jeb, the leader of the four recalcitrant youth, Stricklyn gives a strikingly involved portrayal of a gutless tough-guy. The kid's good.

Twenty-two-year-old, six foot six inches, 240-pound Roger Torrey—a complete unknown—is a smash as Mule. His gentle yet misguided strength is a pivotal character in the story. This is his first acting assignment, but far from his last.

Davy, as portrayed by 23-year-old Dee Pollock, is a solid, believable character. He can act too—and with experience should land on top (if you don't shove a guitar in his hand and make him do an idiotic role).

Marsha Hunt, Jay C. Flippen, James Westerfield, and Harvey Stephens, as well as supporting characters, give good professional performances.

This pic probably won't rake in a lot of gold for Allied Artists, but it'll do all right. Word of mouth will bring the younger set in to the theatres, and they'll re-establish their idol worship in Saxon, and discover new things to scream about over Stricklyn, Torrey, and Pollock.

Promoters Schedule Meet Friday

Directors of the Old Spanish Trail, Inc., will hold their board meeting in San Diego Friday, and have invited local highway developers to attend.

Present at the noon luncheon meeting to be held in the King's Inn will be representatives of chambers of commerce, highway associations, and officials of the San Diego Convention and Tourist Bureau. Among the latter are John J. McCloskey, president, and Robert F. Smith, executive manager.

The Old Spanish Trail, which originates in Jacksonville, Fla., has its western anchor at Horton Plaza in San Diego. Also known as "America's Highway Road of Romance," the trail is claimed to be the shortest, coast-to-coast route in the nation.

eaus, less private enterprise and more government aid of the cradle-to-the-grave caliber.

But what's so different about all that?

The answer, obviously, is "nothing."

This is the path we've followed for more than a generation. It appears there is no point on the horizon where the turning point may be found.

Regardless of whether your party was the successful one or not this week, life in these United States will not change much because of the party.

And no matter how you look at it, the United States is still the best place in this universe to live!

Let's help Kennedy to make it better.

* * *

Now that the election is over we would like to re-focus our attention on Communism for a moment.

To this end we want to highlight the utterances made in public by J. Edgar Hoover, who we think is the greatest obstacle to the Communist cause the world has ever seen.

Hoover recently pointed out that lethargy leads only to disaster. The Communists, he says, have a savage plan for a vanquished America. He refers to the words of Mao Tse-tung chairman of the Chinese Communist party whose blueprint called for the liquidation of 800,000 'enemies' to solidify Communism in China.

Says Hoover, "Under Communist domination in America, the first liquidation would engulf the lawyers, champions of due process of the law; newspapermen, whose ageless fight for freedom of expression would have no place under totalitarianism; law enforcement officers, guardians of individual rights; government leaders, local, state and national; and everyone falling into the so-called 'capitalist' category.

"Occupations and professions which the Communists term 'useless and parasitic' would be abolished — clergymen, wholesalers, jobbers, real estate salesmen, stockholders, insurance men, advertising specialists, traveling salesmen — the list for purging is endless.

"No citizen would escape from some form of suffering under Communist regime," Hoover says.

It doesn't take much in the way of intelligence to decide what our newspaper lifeless lot would be. . .and if it is ever called to a vote, they can depend on us to vote against it.

Mt. Miguel Homecoming Is 'Open House' Event

PTA, "Open House" style, is being observed at Mount Miguel high school tonight.

Held one week early (American Education Week will be observed nationally from November 6-12), the open house will avoid conflict with others at area elementary and junior high schools in the district.

After a brief PTA meeting at 7 p.m. Melvin C. Grant, principal, will address the parents, welcoming them to Miguel and describing the special curricula offered Miguel students.

As a special feature of this "Mom-and-Pop-Back-to - School - Night," parents will follow their children's programs for ten-minute periods. Six minutes will be allowed for passing time between classes.

The purpose of open house is to acquaint the parent with each course taken by his child; to learn how it is being presented, and to obtain a few "hints" about how he can cooperate with teachers. In addition, it provides the parent with a chance to discuss the student's progress.

Students enrolled in the girls' physical education department will present a demonstration program for their "guests" each period, by performing sports or activities offered within the department.

For Homecomers

Mt. Miguel alumni will mark the third homecoming with an informal reception from 1:30 to 5 p.m. in the teachers' dining room.

An assembly will be held 12:40 to 1:25 in the football stadium for the entire student body and alumni. Highlights of this event will be a skit by the Associated Student Body, the leading of cheers and songs by the alumni, a speech by a representative alumnus, and the presentation of the Claymore trophy won Friday in a football game with Helix.

The campus will be open from noon to permit returning Matador alumni the opportunity to note changes and improvement at the school, and to register and report change of address.

At 8 p.m. the Matadors will meet Granite Hills' "Roman Eagles" for the homecoming tilt in its new stadium. Mary Mehlberger, 1959 homecoming queen, will crown the 1960 queen at half-time, who will have been chosen earlier in the day from these candidates, Linda Thompson, Carol Marshall, Sharon Cramton, Sheryll Lane, Diana Rank, and Karen McKinney. Other half-time pageantry will feature the Matadors' band and specialties.

A sock hop in the gymnasium from 10-12 p.m. will close the day.

Adjust Mirror To See Smaller Cars Says Highway Patrol Chief

The rising number of compact cars has spawned a new driving problem, but a simple mechanical adjustment can effectively cure it for many motorists who drive newer cars, according to Bradford M. Crittenden, California Highway Patrol Commissioner.

The problem—increased vulnerability to the danger of the left-hand blind spot. The cure—a slight adjustment of the rear-view mirrors.

"Many drivers have found that compact cars are more easily and more frequently 'lost' in the left-side blind spot," the commissioner pointed out.

The vehicle's rear-view mirrors can be so arranged to eliminate this blind spot in many cars, he said.

"The inside mirror should be positioned so that it gives a view which includes, or nearly includes, the tip of the left rear fender. The left-side mirror should then be adjusted so that the left rear fended is just within your range of vision. Slight variations probably will be necessary with different automobiles.

"The overlap in the mirrors will effectively cancel out the blind spot, and a car coming up from the rear—even the tiniest compact—which moves out to pass you will always be visible in one of the two mirrors," the commissioner said.

"In the interest of safety, of course, it is still wise to double check the situation at the left by glancing over your shoulder if you are about to pull out to pass a car," he said.

PALM TREE MUST STAY SAYS PLANNERS

SAN DIEGO (CNS)—A request for removal of a palm tree in front of 3604 Bancroft dr., Spring Valley, was turned down Friday by the County Planning Commission. The applicant was Star Lumber Co.

Planning Staff Slapped For Non Cooperation

SAN DIEGO (CNS) — Residential zoning for 25 acres south of Avocado street and east of Bancroft drive, Spring Valley, was approved Friday by the County Planning Commission, and commissioners rebuked their staff for failing to cooperate with those asking the zone change.

Involved in the change of zoning, from agricultural use to single family dwellings, are properties in nine ownerships: Shockey, Meyer, Sears, junior and senior, Shaieb, Takace, Bauer, Skinner and Mock.

The applicants have had their case before the commission for several months, but in several previous hearings no agreement could be reached because the land owners insisted they could not afford to hire an engineer to draw up the street pattern required by the commission.

Then, in a commission session in October, the applicants and the commission agreed that the zone change would be approved if the commission staff could consult with the owners and agree on land to be donated for the widening of Avocado and on easements to be established through the 25-acre piece, so all land would have a road access.

Mrs. Virginia Meyer Friday told the commission that the landowners thought they had reached an agreement with the planning staff, but that on the day before, Thursday, new demands had been made by them.

"All nine of us are opposed to the latest requests," she said.

Dr. Willis H. Miller, county planning director, said that the additional requests had been made because it was thought it would establish a better access pattern.

"The staff has not carried out the directions of the commission," said Commission Chairman Warren K. Hooper. "The staff was told to sit down with these people and reach an agreement. Adding these new requests yesterday was not following the instructions of the commission."

Commissioners then approved the change of zone with the street pattern as agreed to by owners.

The Avondale PTA will hold its next meeting again, in Rancho Elementary School's spacious auditorium Tuesday at 7:30 p.m.

Girl Scouts of Troop 990, and Cub Scouts of Bancroft Elementary School, will perform authentic Indian dances for Thanksgiving, following which Dr. Kathryn Bilterman, principal of Murray Manor Elementary School will speak on "Help Your Children Learn."

TRAVEL NOTES

Mrs. Elaine Horowitz surprised New York, and herself, by flying back east for four days (which is the reason for the brevity of this column today).

The surprise to herself was due to the fact that this was her first air trip; the one she thought would never be made, but she enjoyed it so much, she was heard to comment, upon her return to San Diego, "Wonder if my garage is big enough to house a plane."

Mr. and Mrs. Carleton Matthews visited Las Vegas, where they wined, dined and tried to get rich quick. Only criticism was, "Not enough time or money."

'Space Age' Causes Educational Pressure Is C.A.C. Report

So much interest was generated in last week's community discussion of what should be taught in school that additional meetings on the subject will probably be held, according to Mrs. Robert Higgins, president of La Mesa-Spring Valley's Citizens Advisory Council.

Generally, members of the group seemed to feel that the "whole person" should be educated. While reading, writing, arithmetic, and other fundamentals must be stressed, the important aspects of citizenship and living in a democracy must not be overlooked, the group felt.

It was the general feeling of the group that a good job was being done by schools, though there was some concern that the "space age" had put too much pressure on educators to make "every student a scientist," and too much pressure on parents to make every child go to college, said Mrs. Higgins. More than 50 members representing local civic, patriotic, fraternal, and service organizations took part in the meeting.

The discussion was keynoted by a brief panel survey presented by Dr. Harry Ruja and Mrs. John Longenecker, professors at San Diego State College, and Dr. A. E. Edgar, a local physician. Summaries made by citizens in the discussion groups (or "buzz" sessions) which followed, were tape recorded and will be used to provide helpful information to the school administration, said Mrs. Higgins. After the entire study has been completed a report will probably be made to the Board of Education, she added.

In other action committee chairmen for the current year were announced. They are: Eric Ediin, Grossmont PTA, membership; Mrs. Robert Jungman, Fletcher Hills PTA, and Mrs. Ronald Bartlett, Lioness of Fletcher Hills, hospitality; Leslie Phillips, Spring Valley Chamber of Commerce, publicity; Mrs. Robert Graham, Spring Valley Woman's Club, historian; and Mrs. John Meagher, Lake Murray Junior Women's Club, community resources.

Martin Broones on Christian Science Radio

LOS ANGELES (Spcl) — "How Can I Help the World Situation?" will be the subject of a Christian Science program to be given on KNX Radio's **"Church of the Air"** series, on Sunday, at 8:05 to 8:30 a.m. over Station KNX.

The speaker will be Martin Broones, Christian Science teacher and practitioner. Assisting him will be the well-known concert artists, Mary Dean, soloist, and William Aubert Luce, organist.

The program will be under the auspices of the Christian Science Committee on Publication for Southern California.

At Christian Science churches this Sunday true status and security will be dealt with in the Lesson-Sermon on "Mortals and Immortals." The Golden Text is from II Corinthians (5:17), "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

The theme of the sermon is amplified in these words of the Psalmist, "The steps of a good man are ordered by the Lord: and he delighteth in his way. . . The righteous shall inherit the land, and dwell therein for ever. . .The law of his God is in his heart; none of his steps shall slide. . .Mark the perfect man, and behold the upright: for the end of that man is peace" (37:23, 29, 31, 37).

GOD'S MINUTE

REV. H. C. BAKKEN
"GOD'S WORD"

The Bible is the means which God uses to call us to Himself. The Word is filled with invitations for us to come to Him. God does not convict us of sin simply to make us miserable, but to prepare us to hear His call.

Cornelius-Bellah Nuptials Performed in Pasadena

Lt. Arthur B. Cornelius, U.S. Air Force son of Mrs. E. S. Coffin, 8330 Alton Dr., Lemon Grove, took Merilyn Joyce Bellah, daughter of Mr. and Mrs. Lester Bellah of North Hollywood, as a bride on September 9 at the Chapel of the Roses, Pasadena.

Serving as matron of honor was Mrs. John E. Benedict, the bride's cousin. Other attendants were Mrs. R. Ruggeri, Miss Marie Hill, Miss Donna Sandvig, and Miss June Von Cleave. Louise Ruggeri and Marcia Coffin were flower girls.

The bride, given in marriage by her father, was gowned in bridal white silk organza appliqued with scrolled taffeta. The bouffant skirt and chapel train of the gown were contrasted by the tightly fitted bodice, rounded neckline, and long, narrow sleeves. The shoulder length veil was held in place by a spray of orange blossoms.

Lt. Glen Chambers, U.S. Air Force, was best man. Ushers were John Bellah, brother of the bride, Richard Ruggeri, her uncle, Lt. Von Liebernicht, U.S. Air Force, and John Benedict. Mark Coffin was ring bearer.

Following a wedding reception, the newlyweds departed on a wedding trip via Malibu, Las Vegas, Grand Canyon, and Phoenix, to Peoria, Arizona, where they are making their home while Lt. Cornelius is stationed at Luke Air Force Base.

Lt. Cornelius graduated from Helix High School in 1956, and attended UCLA where he was a Theta Delta Chi. He completed his pre-commissioned pilot training in the Air Force one week before the wedding. The bride also attended UCLA.

MATADORS HAND HELIX FIRST LOSS

RUSS TORGE CARRIES BALL FOR GAME'S ONLY SCORE

Mt. Miguel's fading hopes for a Metro League Southern Division Championship were kept alive, when the Matadors nipped the rival Helix Highlanders, 6-0 at Miguel last Friday night. The loss was Helix' first of the season.

Matador halfback Russ Torge sprinted 66 yards in the third quarter for the winning tally. Guard Ken Clark attempted to boot the PAT, but his kick was wide of the uprights.

Torge intercepted a Helix pass on the Mt. Miguel 29 yardline and returned it 5 yards to the Matador 34. A one yard thrust by fullback Duane Freeman made it a second and nine situation. Then on the following play Torge found the hole off left tackle and shook-off Highlander defenders in route to his touchdown run.

Helix had two scoring opportunities in the first half, once advancing the ball to the Matador 15 yardline, bue the tough Miguel defense halted the scoring attempt there. Early in the first quarter the Highlanders recovered a Mt. Miguel punt fumble on the Matador 37 yardline and advanced the ball to the 20, but a 15 yard penalty snuffed out the rally.

Mt. Miguel's only other scoring threats came when lineman Ray Dittamore and Bill Gray blocked a Helix punt on the Highlander 40 yardline, but the Matadors failed to move the ball to paydirt. The Matadors had a scoring attempt halted in the second quarter after advancing the ball to the Highlander 23 yardline when the sun sounded ending the first half.

The Highlanders meet the Hilltop Lancers tonight and the El Capitan Vaqueros in the season finale next Friday night. The Vaqueros are tied for the Northern Division lead with the Escondido Cougars.

Mount Miguel faces Granite Hills tonight on the Miguel turf, and closes out the regular season against the Grossmont Foothillers who are currently tied for the second position in the loop race with the Matadors.

Score by quarters:

Mt. Miguel	0	0	6	0	—6
Helix	0	0	0	0	—0

Helix 9 Mt. Miguel 0

Freshmen:

Supervisors Hold Wednesday Meet

SAN DIEGO (CNS) — The County Board of Supervisors this week met on Wednesday, instead of on the regular meeting day, Tuesday, because of the General Election.

Next week, the Board will meet on Monday and Tuesday. The Monday meeting is the result of an experiment ordered in October, to try setting one extra day per week aside for public hearings.

Due to crowded agendas, the Board meetings have been adjourning later and later.

Supervisor De Graff Austin has been pushing for two meetings a week. Supervisor David W. Bird has been opposing the move.

Next Monday's session was to be the first of several. It was set up while Bird was away. At the next meeting, when Austin was away, Bird killed the idea of any more Monday sessions, but he could not call off next Monday's as it had already been publicly advertised.

Grossmont High School District To Grade By Data Processing

Report cards of students in the Grossmont Union High School District will, for the first time, be done by data processing, newly installed by the District this year.

The first quarter ends November 10, and while the grading system of A, B, C, D, F, plus citizenship grades in effort and conduct remain the same, the marking and mailing of the card will all be done by machine. Cards will be mailed first class, and parents are urged to report a change of address to the school at once.

As the new system goes into use, parents will find report cards will reach them as long as two weeks after the end of the quarter. As the routine is perfected, the time lag will grow shorter and shorter.

Richard Smith, data processing supervisor, has been meeting with teachers at El Cajon Valley High, El Capitan, Granite Hills, Grossmont, Helix, and Mt. Miguel High this week to give instructions for doing the grades this way. The teacher will mark an individual grade card for each student. The machine will sort these, assemble them, and print a complete report card from them for each student.

A citizenship grade will be printed by number. Number 1 stands for "outstanding", number 2 stands for "satisfactory"; and number 3 stands for "unsatisfactory". The new system also presents, for the first time, a report to the parent on the student's attendance for each school month. This has also been recorded by data processing.

The new system eliminates the previously used practice of having the student carry his card from class to class on grade day for the teacher to write in the grade earned.
